Words from the Alsherjargothi

In the last issue of The Voice, I spoke of the AFA as not just an international Asatru organization, but as a community - or even, a "community of communities." Here's the way I put it:

"We want local clusters of AFA members to grow into communities - tiny at first, then larger
similar AFA communities around the country and the world. The result will combine the best points of local autonomy with global reach."

Now, some of these communities will be urban-based. Others might be centered on a common business venture. But hopefully many of them will evolve into rural-based, self-reliant communities on the land.

What might that look like? Well, some of us have dreamed of a sort of re-boot of the "back to the land" movement that sprang out of the ferment of the Sixties...but with a folkish Asatru flavor. Simple living, strong bonds, self-reliance, respect for Nature, a healthy lifestyle - and a serious dedication to our Folk and our Gods. Think Middle Earth News rather than Mother Earth News, replace Jimi Hendrix and the Grateful Dead with Wardruna and Beethoven, forego LSD for organic food and rune galdering. Replay the whole era, our style!

As it turns out, Willow and Brian - an AFA couple in the South - want to do something like that. All they need are compatible people who are serious about living in such a community, learning by doing, and teaching others. Eventually they will need folk who will learn, and leave to start communities of their own. What they need right now is a core, a cadre, around which to build this endeavor.

They've tried recruiting locally, with little luck. The people they're looking for must -

1. Be able to legally carry a firearm
2. Have an adequate sum with which to build a modest starter home/'microdwelling' out of straw bales
3. Be willing to relocate, find local employment or be self employed
4. Be interested in practicing/teaching land based skills (not afraid of labor)
5. Be of good character, stable with no serious baggage
6. Be interested in developing genuine spiritual practices.

They can be contacted at willowrowannortherntraditions@gmail.com
Let's build a new era!

Charming of the Plow at NewGrange Hof
CHARMING OF THE PLOW AT NEWGRANGE WAS MAGNIFICENT!

The morning chill had pretty much gone by the time we finished the opening ritual calling on the Gods and the ancestors. We swarmed into the Hof’s kitchen, ate lunch, then settled in for the first presentation, on bee keeping. Thom shared his many years of experience at keeping bees, stimulating many questions and encouraging those of us who had been thinking about getting involved. This was followed, appropriately, with Ryan’s demonstration on mead making. The result was a big container of what will eventually become our first batch of mead brewed at NewGrange Hof!

As soon as the mead was safely underway, we adjourned to our outdoor ritual area where, surrounded by wooden poles carved to resemble Odin, Thor, and Frey, Mike led us in a blot of transformative power. He called on the Lord of the Vanir, sprinkling mead and invoking the power of generation and regeneration. He led us to a hole in the ground, where we planted a maple tree that will give us spectacular fall colors for coming generations of attendees at NewGrange. We took turns shoveling the soil back into the hole, aware that our work would still be paying off when our great-grandchildren gather at
NewGrange Hof, so long ago...

Inside, we sat with rapt attention as Jim lectured us on emergency preparedness and gave us techniques - and ample motivation - to help us get through any sort of disaster. Jim demonstrated a couple of novel kinds of survival stoves and, maybe most importantly of all, talked to us about attitude and forcing ourselves to be better than we now are. No one who has attended one of his classes can forget him - Army Ranger, retired fire captain, and international Police and Fire Olympics athlete!

Then came a wonderful dinner, topped by a variety of desserts, and a musical interlude courtesy of Eva, of the group "Rattlin' Bones." Sumbel followed, and relaxation in the company of kin, and sound sleep.

After bacon and French toast and loads of coffee the next morning, those still remaining built a protective shelter for our wood supply, planted flowers, caulked cracks, and hoisted planks. After a good clean-up, we were on our way...dreaming of our next gathering at NewGrange Hof, scheduled for Ostara, March 19 and 20!

...another weekend in the life of the Folk!

Hail the Gods!
Hail the Asatru Folk Assembly!

**Circle of Eir - A Call to Healing**

The AFA Circle of Eir is up and working. A core group performs a monthly healing ritual calling on Eir and naming those AFA members and families in need of healing. If you would like to be in the AFA Circle of Eir Facebook group or if you would just like to submit the name of someone who needs healing, please let me know at [patriciahall@runestone.org](mailto:patriciahall@runestone.org). The next healing ritual, which is jointly done by AFA members from both the States and Europe, will be performed on Thursday, March 10, at midnight EST/USA.
The next issue of *Runepebble* will be available on May 1st, and focuses on "Elves"... We'll discuss what they are, stories about them, where you might find them, and more. If you or a child you know is interested in contributing to the next issue, we are happy to accept submissions of all kinds, including artwork, stories, poetry, folktales, songs/sheet music, crafts, activities, recipes, educational articles, and more. To submit a contribution, or if you have questions about submissions, you can contact our primary editor, Rebecca, at Runepebble@Runestone.org.

**Folk Services**

AFA Folk Services is intended to provide modest, one-time monetary grants to Asatru Folk Assembly (AFA) members in dire need of basic services. It is also to be a source for referrals and information to help members get help beyond what the AFA can directly provide. For more information, send a private message to the Folk Services page on Facebook:
We currently have a modest balance in the account (from donations and auction proceeds). Donations may be made at any time, by noting in a donation to the AFA that it is for Folk Services. And if you know of a member in need, please contact your Folkbuilder and/or message Folk Services directly.

Alaska Charming of the Plow
from Eric Whisman, Apprentice Folkbuilder
As the winter began to die, and the first rays of heat were felt from the sun, we knew that spring was near. Now was the time to pull out the tools of our trade, and begin the planting of vegetables for the oncoming season. This past weekend, AFA members in Alaska and other Asatruar gathered in Palmer, AK, to prepare for the oncoming work season and to bless the tools of their trades.

Folk from all across Alaska once again proved their worth and made their journeys to The Den, some traveling over 200 miles!

Blot was led by our own AFA Clergy Student Steven Morrell, who called upon the great Yngvi-Freyr and the wights to bless us with their prosperity. The blot ended with a ritual blessing of the tools of our respective trades: cook, welder, legal secretary, fire suppression technician, veterinarian assistant, and military funeral director.
separate pots for each to take home and care for as the season progressed. The meal was equally appropriate, featuring green vegetable everything, and two large pots of fish and clam chowder. We certainly ate healthy that night!

Sumbel was powerful as the folk passed the horn several rounds over, honoring the gods, the wights and their ancestors, sharing heartfelt toasts to their loved ones; we were even graced by a song and a dramatic poetry reading.

The night ended with cheery goodbyes, and an optimistic look towards the coming spring and summer season to follow.

**Florida Charming of the Plow**
from Matt Flavel, Folkbuilder Coordinator
On February 21st, AFA members in north Florida gathered at the Fairchild Oak to charm the plow. We erected the trihorn banner and the gathering began with a small deer running out of the woods into the ritual area and coming close by us before returning to the forest. We felt this was a good sign. We then gathered under the canopy of this ancient oak and Brad Taylor-Hicks led us in a blot to Frey and a blessing of our tools. We concluded the day with a potluck followed by sumbel.
Ostara at NewGrange Hof

We'll celebrate Ostara at NewGrange Hof on the weekend of March 19-20. The opening ritual will be at 11 a.m., followed by the usual array of presentations, discussion, feasting, and ritual honoring the Goddess of the Dawn! There will of course be our traditional Ostara egg hunt for the kids. Sunday morning, after a relaxed breakfast, we'll make some improvements on the Hof and enjoy each other's company. All AFA members and vouched-for friends within driving distance of NewGrange Hof (that's at Brownsville, California) are invited - indeed, urged! - to be here with us!

We've set up an event page on Facebook, at https://www.facebook.com/events/584819691672697/ - contact us for an invitation!

AFA Ostara in the South

AFA OSTARA IN THE SOUTH 2016 - DON'T MISS IT!

Ostara in the South is one of the AFA's four premier events held in the various corners of the United States, and I urge you make a point of attending this year.

Our special guest will be Henrik Palmgren, creator of Red Ice Radio. Henrik has been kind enough to have me on his show several times, and now we get to return the favor! Sheila and I will be there as well, and I will speak on "Wotan, Jung, and Our Duty in this Age of Ultimate Degeneracy." There will be other stimulating and informative presentations, and many of the AFA's leaders will be present.

As always, there will be rituals - one of them will be my Wotan Blot, which of course ties in perfectly with my talk.

This February 20th the Svinfylkn Tribe got together for their Feast of Vali. The tribe had its flag flying high as members showed up and food was laid out. Xander, the godhi of the tribe, held a naming ritual for his companion German Shepherd (Perun) which coincided with his one-year birthday.

The tribe had another cause for rejoicing as well, as a new member took his oath to enter the tribe. The Chieftain’s (Michael’s) own father, Walter, heard his ancestral calling
joyous feast laid out and each in attendance contributed to a plate served up to Vali in the ritual fire. You can learn more about things going on with the Svinfylkin by following their Facebook page and attending one of their monthly pubmoots. Feel free to message them directly to learn more.

**News from the Northwest and Canada**

from Elizabeth Salix, Folkbuilder
On Saturday, February 7th, Northwest AFA members and friends embarked on Raptor Road Trip in Sauvie Island, OR. Hosted by the Portland Audubon Society every year, this was a great opportunity for the Folk to recharge our nature batteries by observing raptors and other migratory birds in the untamed wetlands of Sauvie Island. We drove to three different sites to observe the birds, hiked around the island a bit, and ventured to McMennamin’s afterward for a pubmoot. This was the second year that AFA members have attended Raptor Road Trip; it was an excellent day spent in good company, and we

CHARMING OF THE PLOW
friends gathered for Charming of the Plow and Feast of Vail in Centralia, WA. A blot was held each day, featuring a ritual planting of peas on Saturday, and a ritual planting of oak trees on Sunday. As always, we followed each blot with a delicious dinner, which included Scottish mince pies and a roast rabbit. Sumbel was held Saturday night, and many meaningful hails were made. On Sunday, we had the privilege of meeting one of our newest Northwest AFA members, Adam Winningham, who it turns out we'd met before several years ago. Good to see you again, Adam!

UPCOMING EVENTS

Our next events will be for Ostara, to be held the weekend of March 19th-20th in Centralia, WA. On Saturday we will have our "Spring Cleaning Moot," a group effort to clean up the woods surrounding the ritual areas of any residual detritus that the high river levels of winter have left behind. Volunteers may arrive around 11 a.m. Saturday morning; food and drink will be available.

On Sunday we will celebrate Ostara, the Spring Equinox, with a blot, sumbel, dinner, and egg-related merriment. There will be eggs for dyeing and eating, with the potential for egg-in-spoon races out in the field if it's not raining too hard (and we're feeling silly enough!). If you're interested in attending either or both of these events, feel free to email me at esalix@runestone.org for location and directions.

CANADA MOOT IN BELLINGHAM

In April we will be hosting a joint event for AFA members in the Northwest and BC, Canada, in the Bellingham area of Whatcom County, Washington. We have a few locations in consideration for this event, and suggestions from locals are most welcome! If you're interested in attending, please send me an email at esalix@runestone.org.

San Diego Feast of Vali
from Jamie Souligny
Down in sunny San Diego the Tru Folk Kindred gathered on February 14 to observe the Feast of Vali.

It was a humble yet powerful gathering under the great oaks of California. We honored the triumph of the sun over winter. New friends and old friends gathered on a beautiful southern California day. We were surrounded by the sounds of birds and the children alike enjoying the sunny weather. Butterflies fluttered through the circle as we celebrated the death of Hodr at the hands of Vali, avenging the death of Balder. The youngsters attending were more than eager to participate in the honoring of our Gods. Good quality time with our Gods and our Folk was had by all.
Hail the AFA!

It's always so difficult to part ways as it seems our discussions could go on forever. We do a moot once a month. We have set up a Facebook group to announce locations and details of such meetings. The name of the page is San Diego Folkish Asatru. We also have folk in the Orange County and Riverside County areas. If you are not a "Facebooker," you can reach myself Jamie @ jamieredsoul@gmail.com or Heather (San Diego folkbuilder) @ HeaTHOR@runestone.org
